Sunday, June 5, 2013 XR AR-15 5.56 Carbine How about this for a massive modern hunting rifle... a 5.56X45mm gas system with a .20 inch barrel? This is the XR-15, with .20 inch barrel, and you just KNOW it's going to have an ergonomic grip, right? The XR-15 is a gas operated, semi-automatic carbine that is being made from a standard AR-15 lower receiver. The lower receiver is made of 7075-T6 aluminum and has a steel upper receiver. It also comes with two 28" Cerakote stocks. The XR-15 is an exoskeleton and is meant to be used by Special Forces members for close-quarters battle. It has an over-molded polymer and composite barrel and comes with a standard 5.56mm NATO chamber for use with most 5.56mm ammunition. Because the XR-15 is considered a viable combat weapon, it has an inter-changeable magazine. The XR-15 magazine is a four position, detachable box magazine. It is designed to carry five .20 caliber rounds and is also compatible with standard AR-15 magazines, which have the ability to handle five .223 caliber rounds. In order to buy one, you can buy it from Carnivore Armory on their store, or go to their direct order page: The XR-15 will be limited to a quantity of 1000 rifles. Price will depend on where you're located. Carnivore Armory is located in San Diego, California.

The app uses a special feature of Windows 7 and 8 to change the icon of a folder in just a couple of clicks. With this tool, you can now quickly organize files or folders on your computer into folders of your choice. Just specify what folder icon you prefer and let the app change the icons for you. It takes only one minute to modify the folder icons in this way. In most cases, the tool already comes with a predetermined set of folder icons. You can, however, create your own by either downloading icons from the Internet or by saving your existing icons for later use. Once the icons are saved, you just have to select them in the folder icon change list and you can start organizing your files. It's important to note that the new icons cannot be saved as files of a

different file type. If you do so, the program will not work properly and you will have to delete the icons from the list and change them again. The folders containing the icons can be any size as well. No matter what folder you want to change, Folder iChanger will do its best to fit the new icons to the specific folder. What's New: The application now has a separate button in the application's main window for the preview of your changes. When you first use the app for the first time you will be asked if you want to activate the preview of your changes. If you have not set the preview settings from previous runs, a dialog will show you the general settings for this preview mode. Requirements: Windows 7, Windows 8 Folder iChanger is an application dedicated to changing folder icons depending on how the user wants to set up each particular file.

Now, the app comes with a preset number of icons, and you can even use those within your Windows OS. You could also create your own and import them for a more original approach. Whatever your plan, be sure that this app will be able to cope with it, as long as it's icons you are dealing with. Simple, somewhat old interface Although not necessarily ugly, the interface seems dated. You will get that Vista or Windows 7 vibe which isn't exactly an issue pers se, but if you're running a modern OS, you'll immediately spot the difference and the app will stand out for sure, and not in a good way. Regardless, being a tool, you won't have it always running on your desktop. On the contrary, it will probably be brought up to light only when needed. And yes,

Not many games out there lately that meet my individual play criteria - a game that takes a genuine step forward and not follows the same path already taken. Barry's Game PC is a game that I am happy to say meets those standards. A well thought out game with new and interesting technology, a game that has a single minded purpose, a game that doesn't want to follow the crowd but instead takes risks and doesn't mind risking failure as well as success. And a game that meets all of these criteria and more - by a long way. If you really like basketball and have enjoyed playing hoops in other games then you will really enjoy this game. It has great graphics and sports-like
